Re: 12-Month Lock-In
FEMA-4066-DR-VT
Hazard Mitigation Grant Program (HMGP)

Dear Director Flynn:

Under Section 404 of the Stafford Act, as amended, 75% Federal funding is authorized for hazard mitigation measures. As a condition of receiving Federal disaster assistance, measures must be cost-effective, environmentally acceptable and be consistent with the strategies and recommendations identified in your State Hazard Mitigation Plan. Funding for mitigation projects under the HMGP is based on 15% of the estimated aggregate amount of grants made under the Stafford Act. A 12-month lock-in of \$122,498 in Federal funding is available for the HMGP under FEMA-4066-DR-VT. A breakdown of funding is listed below:

5% PROJECTS	\$ 6,125
7% PROJECTS	\$ 8,575
REGULAR PROJECTS	\$ 107,798
12-MONTH LOCK-IN	\$ 122,498 → \$128,488
STATE MANAGEMENT COST PROJECTS	\$ 5,990 (4.89%)

This calculation is based on the best available data and represents the final lock-in amount. These figures represent no change from the 6-month lock-in for this disaster. Applications for new mitigation projects were submitted to the FEMA Region I Hazard Mitigation Assistance Branch prior to the **June 22, 2013** deadline. If you have any questions, please contact me.

Sincerely,

Dean J. Savramis *for*
Director, Mitigation Division
FEMA Region I
